The West Central Texas Area Agency on Aging (WCTAAA) would like to extend an opportunity to your company to apply to become a contractor for the WCTAAA (A Program of the West Central Texas Council of Governments). The WCTAAA provides an array of services to persons 60 years of age or older. These services may include congregate or home delivered meals, personal care services, medical services, transportation services, and caregiver services. Of course, these are only a few examples of the services that we provide to area seniors, as there is always a possibility of the extension of our services, as grant funding allows. Although we are a non-profit agency, our compensation rates are competitive for the local market.

To be considered a contractor to the WCTAAA, applicants must meet the following criteria: be free from debarment of government funds, ensure staff, facility and personnel policies are in compliance with the Americans with Disabilities Act, and maintain insurance that protects the health and safety of clients and employees, and bond employees. Vendors may be a private non-profit, private for-profit or local city/county entity.

Please print the application, complete in its entirety and submit it via mail or hand-deliver along with a copy of all applicable State and Federal licenses and/or certifications that regulate your business. Applications submitted via email, fax, or otherwise will not be accepted.

Once the application has been completed and processed, we will send out the Contract Agreement via DocuSign.

**GRANTS AND COOPERATIVE AGREEMENTS WITH
STATE AND LOCAL GOVERNMENTS**

Section (1)(d): Pre-Award Policies

Debarment and Suspension. Federal agencies shall not award assistance to applicants that are debarred or suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549. Agencies shall establish procedures for the effective use of the List of Parties Excluded from Federal Procurement or Non-procurement programs to assure that they do not award assistance to listed parties in violation of the Executive Order. Agencies shall also establish procedures to provide for effective use and/or dissemination of the list to assure that their grantees and subgrantees (including contractors) at any tier do not make awards in violation of the non-procurement debarment and suspension common rule.

**CERTIFICATION
REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY
AND VOLUNTARY EXCLUSION FOR COVERED CONTRACTS AND GRANTS**

Federal Executive Order 12549 requires the Texas Department of Health and Human Services Commission (HHSC) to screen each covered potential contractor/grantee to determine whether each has a right to obtain a contract/grant in accordance with federal regulations on debarment, suspension, ineligibility, and voluntary exclusion. Each covered contractor/grantee must also screen each of its covered subcontractors/providers.

In this certification "contractor/grantee" refers to both contractor/grantee and subcontractor/subgrantee; "contract/grant" refers to both contract/grant and subcontract/subgrant.

By signing and submitting this certification the potential contractor/grantee accepts the following terms:

1. The certification herein below is a material representation of fact upon which reliance was placed when this contract/grant was entered into. If it is later determined that the potential contractor/grantee knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the Department of Health and Human Services, United States Department of Agriculture or other federal department or agency, or the Texas Department of Health and Human Services Commission (HHSC) may pursue available remedies, including suspension and/or debarment.
2. The potential contractor/grantee shall provide immediate written notice to the person to which this certification is submitted if at any time the potential contractor/grantee learns that the certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
3. The words "covered contract," "debarred," "suspended," "ineligible," "participant," "person," "principal," "proposal," and "voluntarily excluded," as used in this certification have meanings based upon materials in the Definitions and Coverage sections of federal rules implementing Executive Order 12549. Usage is as defined in the attachment.
4. The potential contractor/grantee agrees by submitting this certification that, should the proposed covered contract/grant be entered into, it shall not knowingly enter into any subcontract with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the Department of Health and Human Services, United States Department of Agriculture or other federal department or agency, and/or the Texas Department of Health and Human Services Commission (HHSC) , as applicable.

Do you have or do you anticipate having subcontractors/subgrantees under this proposed contract? **YES NO**

5. The potential contractor/grantee further agrees by submitting this certification that it will include this certification titled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion for Covered Contracts and Grants" without modification, in all covered subcontracts and in solicitations for all covered subcontracts.
6. A contractor/grantee may rely upon a certification of a potential subcontractor/subgrantee that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered contract/grant, unless it knows that the certification is erroneous. A contractor/grantee must, at a minimum, obtain certifications from its covered subcontractors/subgrantees upon each subcontract's/subgrant's initiation and upon each renewal.
7. Nothing contained in all the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this certification document. The knowledge and information of a contractor/grantee is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
8. Except for contracts/grants authorized under paragraph 4 of these terms, if a contractor/grantee in a covered contract/grant knowingly enters into a covered subcontract/subgrant with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in the transaction, in addition to other remedies available to the federal government, Department of Health and Human Services, United State Department of Agriculture, or other federal department or agency, as applicable, and/or the Texas Department of Health and Human Services Commission (HHSC) may pursue available remedies, including suspension and/or debarment.

**CERTIFICATION
REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY
AND VOLUNTARY EXCLUSION FOR COVERED CONTRACTS AND GRANTS**

Indicate which statement applies to the covered potential contractor/grantee:

____ The potential contractor/grantee certifies, by submission of this certification, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this contract/grant by any federal department or agency or by the State of Texas.

____ The potential contractor/grantee is unable to certify to one or more of the terms in this certification. In this instance, the potential contractor/grantee must attach an explanation for each of the above terms to which he is unable to make certification. Attach the explanation(s) to this certification.

West Central Texas Council of Governments/
Area Agency on Aging

Direct Purchase of Services Program

The West Central Texas Council of Governments/Area Agency on Aging (AAA) is one of twenty-eight in the state of Texas. The AAA functions in accordance with the rules and regulations of the Older Americans Act of 1965, as amended, and State Standards of the Texas Department on Aging.

The AAA Mission is to:

- Develop a comprehensive and coordinated system to serve older individuals,
- Plan for the provision of supportive services in order to secure and maintain maximum independence and dignity in the home environment,
- Remove individual social barriers to economic and personal independence,
- Provide a continuum of care for vulnerable older individuals, and to
- Secure the opportunity for older individuals to receive managed in-home and community based long-term services.

To accomplish this mission, the AAA operates a comprehensive and coordinated Direct Purchase of Services (DPS) program. Each older individual enrolled into this program is thoroughly assessed for unmet needs and possible eligibility for other state or federal programs. Individuals whose needs cannot be fully met through existing community programs, but are available within the AAA, are served by a network of DPS vendors and inter-agency agreements.

Community networking to enhance inter-agency communication and coordination to prevent duplication is a AAA priority. Through these efforts the AAA is identified as a safety net of service provision, filling the gaps of the social services system in this Planning Service Area (PSA).

The DPS program strives to provide supportive services to maximize elder independence and dignity. Services include: Health Maintenance, Congregate & Home Delivered Meals, Transportation, Home Health Services, Residential Repair, Income Support, Emergency Response, and Chore Maintenance. Attachment #1 lists current vendors providing these services.

Through the DPS program the AAA has greater controls to ensure:

- Inter-agency communication & coordination
- Client continuum of care
- Increased competition
- The highest quality of services
- Federal & State funds track community need
- Prevent service duplication

- Accuracy of client data
- Serve target populations

The following processes detail the AAA procedures for the DPS program:

Service Budget Targets

Each fiscal year the AAA Advisory Council considers staff recommendations for DPS service categories and budget target amounts. AAA Staff develop recommendations for the Council from a variety of sources, such as, recent needs assessments, historical data, community resources and general information gathered by attending inter-agency meetings. Based on information received budget amounts are developed by service category and are presented to the Council for review and approval.

Resulting target amounts from Council meetings are then presented to the West Central Texas Council of Governments Board of Directors. Approved budget targets are then entered into the Abila by service category.

The DPS program allows the greatest funding flexibility. As community needs shift within a fiscal year, or if initial targets miscalculated needs in any given service category, funds can be shifted to track community need. The AAA has the authority (established by the West Central Texas Council of Governments Board of Directors and the AAA Advisory Council) to shift up to 40% between service categories of Title III-C1 and Title III-C2. Shifts of greater amounts must follow initial approval procedures identified in the preceding paragraphs.

Vendor Application

The AAA utilizes a modified Open Vendor Enrollment for all services to provide clients with maximum choice and increase local competition. When a Vendor Application is requested from a new vendor a AAA Briefing is scheduled. During this meeting the following items are discussed in great detail:

- Premise of the Older Americans Act
- TDoA Standards
- License requirements
- Unit Rates
- AAA Mission
- DPS Program goals and procedures
- Vendor outreach rewards
- AAA Network

Prospective vendors are encouraged to take all information back to their staff and ensure that their mission and goals are appropriate for the AAA DPS network. If the answer is Yes – the prospective vendor is encouraged to submit the application.

Vendor applications are reviewed by the AAA Access and Assistance staff for proper licensure, bonding, capabilities, unit rates, conflicts of interest, etc. Favorable applications are sent to the

AAA Advisory Council Quality Assurance Committee for recommendation to the full Council. Favorable applications are presented to the full Council based on Committee recommendation. Vendors approved by the full Council are enrolled into the program.

Attachment #2 is a blank DPS Application and the following required documents:

- Executive Director Vitae
- Agency Quality Assurance and Grievance Policy
- Signed Statement indicating compliance with the American Disabilities Act
- Signed Statement indicating compliance with the Civil Rights Act of 1964
- Signed Statement indicating compliance with the Rehabilitation Act of 1973
- Signed Certification Regarding Debarment

Vendor Agreement

Vendor Agreements initially state the term of the agreement (usually based on the fiscal year) and by which licensure standards the service will operate. Services to be purchased are listed as defined by the TDoA. Information and Assistance and Outreach service definitions are included in each agreement with the exception of Restaurant programs and general contractors for Residential Repair services. Unit rate reimbursement is based either on the Texas Department of Human Services unit rates, the Medicaid rate for same/similar services or a fair current market rate.

Vendor Agreements are amended as needed within a fiscal year. Refer to Attachment #3 for a copy of a basic agreement and amendment.

Vendor Orientation

The Client Services Coordinator schedules private orientations with vendor staff (front line staff, billing staff and management). The training consists of a thorough orientation to the purpose and objectives of the Older Americans Act, TDoA Standards and AAA policies and procedures.

The following details information provided regarding AAA policies and procedures:

- AAA Target Populations
- Budget Targets and Outreach
- AAA Intake
- Request for Services
- AAA Impairment Assessment
- Nutritional Assessment (if applicable)
- Service Authorization/Suspension or Termination
- Assessment Annual Due Dates
- AAA Network of vendors and services
- Client Contribution Policy
- AAA Grievance Policy
- Reporting Client Changes (Form 2067)

- Billing Process and Forms
- Source Data
- Expenditure Report

To promote efficiency throughout the system, the AAA is committed to keeping DPS processes as streamlined as possible. In determining what source data (documentation that verifies service provision) will be necessary for any vendor or service category, the AAA will review all documents currently utilized by the vendor. In situations where existing vendors forms can be utilized – the AAA will accept and utilize the form. In cases where this is not the case, the AAA shall develop or require a vendor to use another agency's form.

Vendor Outreach and Information & Assistance

Vendors are encouraged to conduct outreach activities within their respective service provision and information and referral to all AAA clients. Through outreach vendors identify possible AAA clients within target populations. Vendor front line staff contact their assigned AAA Access & Assistance contact person to discuss a particular client's situation. Based on the client's situation and the availability of funds in that service area, the AAA staff will authorize the vendor to conduct and complete a AAA Client Assessment and Request for Services for AAA eligibility determination.

Should funds not be available to even allow a client assessment to be conducted, the AAA staff are required to provide standard Information and Assistance.

The AAA requires all vendor to provide Information and Assistance back to the AAA for all services within the network. Referral is made back to their AAA contact or the AAA Information & Referral Specialist for assistance. If the service needed is not a network service, but the vendor is aware of a community resource they are expected to make and follow up on the referral. This ensures the communications and quality of services of the AAA network.

Client Assessment / Request for Services

The AAA staff contact promptly reviews the Client Assessment/Request for Services forms upon receipt to determine eligibility and availability of funds. When necessary, the AAA will contact the vendor for additional information to determine eligibility. Should further clarification of the situation or additional information be needed, AAA staff schedule a joint home visit with the vendor to evaluate the client.

The AAA must receive an original Client Assessment prior to service authorization, as internal policy requires a client signature to validate information and client authorization to share information with other vendors to meet identified needs. In urgent situations, a fax of the form is allowed to initiate the process of authorizing services. However, the original form must be received within 5 working days of service initiation.

Individual Service Authorization

Services are authorized based on information received in the Client Assessment, the Request for Services and the availability of funds. The authorizing AAA staff enters the client data and

authorization into WellSky documenting an effective date, end date and total units authorized. Service Authorization for on-going in-home services extends through the remainder of the fiscal year based on client continued need and the availability of funds. The Client Authorization with AAA signatures is sent to the vendor for their records.

Reporting Changes

Vendors are required to promptly notify their AAA contact when a client's status changes. Situations that warrant an adjustment in units of service are to be documented in writing. The AAA will allow notification through the DHS Form 2067 or vendor letterhead. Client status changes are filled in the clients file and the documentation field in WellSky.

Homemaker and Personal Assistance vendors are required to meet licensure standards which require a quarterly supervisory assessment. Copies of these assessments are to be sent to the AAA contact. If an adjustment in units is warranted and authorized, a new Monthly Authorization is sent to the vendor highlighting the adjusted units.

Vendor Billing

Vendor billings are due in the AAA offices by the 5th day of the month following service provision. Vendor billings are to include all source data or information that "backs up" the total units billed. Incomplete billings are held and vendors are contacted to promptly provide the additional or correct information for verification and processing.

AAA Billing Processing

The vendor billing – actual units of service provision are reconciled against authorized units in WellSky. The AAA staff contact shall prepare vendor billings based on actual units submitted by the vendor. Actual units are reconciled against units authorized through the Monthly Expenditure Report in WellSky. Once units are reconciled, a Monthly Expenditure Report is printed and attached to the vendors Check Request for reimbursement. All verification (back up) is also attached.

The Check Request is signed by the AAA staff who prepared the billing as the Requestor. Staff signature indicates that the AAA is requesting the WCTCOG Finance Department to issue a check for the stated number of units at the stated unit rate for the stated amount. The signed Check Request and Monthly Expenditure report are submitted to Finance for payment. Billings without proper signatures are to be promptly returned to the AAA.

Finance Department Billing Process

AAA staff compile the vendor billing – the Check Request, Monthly Expenditure Report and back up (Attachment #5) which is filed in the vendor binder. Finance completes their processes, to include the completion of the 269 and the draw down of funds. Upon receipt of funds, vendor checks are released and sent to vendors.

Sanctions Policy

The DPS billing process allows for very precise monthly financial desk reviews of vendor practices. Billings that contain excess units are reconciled down to authorized units with written notice stating that an excess billing was submitted. If a specific vendor consistently bills in excess a written notice is sent explaining proper procedures and offers technical assistance. If excess billing continues beyond technical assistance, the vendor is dropped from the roster and services are no longer purchased.

The same process is utilized in situations where service provision is not in compliance with standards or AAA expectations.

Quality Assurance Survey

Once each fiscal year a Quality Assurance Survey is conducted for all services and vendors. Information gathered from these surveys is used to justify Vendor Agreement renewal. Information that is inconsistent or negative is followed up with the vendor for correction. Situations that are not corrected, endanger client safety, or violate State or Federal Standards fall into sanction.
