Bidder/Offeror Certification

BIDDER/OFFEROR CERTIFICATION

REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION FOR COVERED CONTRACTS AND GRANTS

In this certification "contractor/grantee" refers to both contractor/grantee and subcontractor/sub-grantee; "contract/grant" refers to both contract/grant and subcontract/sub-grant. Each covered contractor/grantee must also screen each of its covered subcontractor/providers.

By signing and submitting this certification, the potential contractor/grantee accepts the following terms:

The certification herein below is a material representation of fact upon which reliance was placed when this contract/grant was entered into. If it is later determined that the potential contractor/grantee knowingly rendered an erroneous certification, the federal government may pursue available remedies, including suspension and/or debarment.

The potential contractor/grantee shall provide immediate written notice to the person to whom this certification is submitted if at any time the potential contractor/grantee learns that the certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

The words "covered contract", "debarred", "suspended", "ineligible", "participant", "person", "principal", "proposal", and "voluntarily excluded" as used in this certification have meanings based upon the Definitions of Coverage sections of federal rules implementing Executive Order 12549.

The potential contractor/grantee agrees by submitting this certification that, should the proposed covered contract/grant be entered into, it shall not knowingly enter into any subcontract with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by a federal department or agency as applicable.

Do you have or do you anticipate having subcontractors/sub-grantees under this proposed contract? YES _____ NO _____

The potential contractor/grantee further agrees by submitting this certification that it will include this certification without modification, in all covered subcontracts and in solicitations for all covered documents.

A contractor/grantee may rely upon a certification of a potential subcontractor/sub-grantee that it is not debarred, suspended, ineligible or voluntarily excluded from the covered contract/grant, unless it knows that the certification is erroneous. A contractor/grantee must, at a minimum, obtain certifications from its covered subcontractors/sub-grantees upon each subcontract's/sub-grantee's initiation and upon each renewal.

Nothing contained in all the foregoing shall be construed to require establishment of a system of records in order to make in good faith the certification required by this certification document. The knowledge and information of a contractor/grantee is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

Except for contracts/grants authorized under paragraph 4 of these terms, if a contractor/grantee in a covered contract/grant knowingly enters into a covered subcontract/sub-grant with a person who is suspended, debarred, ineligible or voluntarily excluded from participation in the transaction, the federal government may pursue available remedies, including suspension and/or debarment as applicable.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION FOR COVERED CONTRACTS AND GRANTS

Indicate which statement applies to the covered potential contract/grantee:

The potential contractor/grantee certifies, by submission of this certification, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this contract/grant by any federal department or agency or by the State of Texas.

Printed/Typed Name of Authorized Representative

The potential contractor/grantee is unable to certify to one or more of the terms in this certification. In this instance, the potential contractor/grantee must attach an explanation for each of the above terms to which he is unable to make certification. Attach the explanation (a) to this certification.

CONTRACTOR CERTIFICATION

FEDERAL UNIFORM GUIDANCE CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS

A Texas 9-1-1 Entity customer (“9-1-1 Entity”) must ensure that all policies and procedures involving the expenditure of federal funds are compliant with the federal Uniform Guidance (2 C.F.R. Part 200). Part of this process involves ensuring that its vendors and contractors (collectively herein, “Contractor”) agree to comply with federal contract provisions (2 C.F.R. § 200.327).¹ The contract provisions are taken from Appendix II to Part 200 - Contract Provisions for Non-Federal Entity Contracts Under Federal Awards Additional and/or supplemental contract provisions included in the Certification are derived from the Federal Emergency Management Agency’s Contract Management Guide (June 2021).²

This Certification is required when 9-1-1 Entity expends federal funds for any contract or other form of agreement including purchase order. Any exceptions to or modifications by Contractor of this Certification will result in delays in 9-1-1 Entity being authorized to expend awarded federal funds; and may preclude 9-1-1 Entity from expending federal funds with Contractor.

Execution of this Certification is not indicative that each provision, including additional and/or supplemental provisions, is applicable to 9-1-1 Entity and Contractor’s underlying contract or other form of agreement including purchase order (collectively herein, “agreement”), or 9-1-1 Entity’s obtaining property and services from Contractor.

It is the responsibility of the 9-1-1 Entity to ensure Contractor’s execution and compliance with this Certification. 9-1-1 Entity must provide a copy of Contractor-executed Certification to the Commission on State Emergency Communications (“CSEC”) and will provide evidence of Contractor compliance to CSEC within 10-business days of 9-1-1 Entity’s receipt of a written request from CSEC or authorized entity.

REQUIRED CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS –2 C.F.R. PART 200, APPENDIX II

Definitions

“Addressed” means sufficiently addressed in the agreement to satisfy the requirements of federal procurement law and regulation described in the explanations provided in this certification.

Federal Contract Provisions (Appendix II)

(A) **Contracts for More Than the Simplified Acquisition Threshold (\$250,000)**. Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Additional/Supplemental Provision: If not already Addressed, Contractor agrees as follows:

¹ The Certification is a modified version of a federal contract provisions form for compliance with Education Department General Administrative Guidelines (EDGAR) and used by, among others, the Texas Department of Information Resources.

² Additional and/or supplemental contract provisions are provided and applicable to the extent 9-1-1 Entity and Contractor’s underlying contract, other form of agreement including purchase order, or the underlying cooperative purchase master agreement does not include or the included provision is deemed by an appropriate authority as insufficiently addressing the federal contract provision.

Pursuant to 2 C.F.R. Appendix II to Part 200 Federal Rule (A), when 9-1-1 Entity expends federal funds, the 9-1-1 Entity reserves all rights and privileges under applicable laws and regulations in the event of breach of contract by either party.

(B) Price Exceeds Micro Purchase Threshold (\$10,000). All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

Additional/Supplemental Provision: If not already Addressed, Contractor agrees as follows:

Pursuant to 2 C.F.R. Appendix II to Part 200 Federal Rule (B), when 9-1-1 Entity expends federal funds, 9-1-1 Entity reserves the right to terminate any agreement in excess of \$10,000 in the event of a breach or default of the agreement by Contractor in the event Contractor fails to: (1) meet schedules, deadlines, and/or delivery dates within the time specified in the agreement; (2) make any payments owed; or (3) otherwise perform in accordance with the agreement. 9-1-1 Entity also reserves the right to terminate the agreement, with written notice to Contractor, for convenience, if 9-1-1 Entity believes, in its sole discretion that it is in the best interest of 9-1-1 Entity to do so. Contractor will be compensated for work performed and accepted and goods accepted by 9-1-1 Entity as of the termination date if the agreement is terminated for convenience by 9-1-1 Entity. Any agreement is not exclusive and 9-1-1 Entity reserves the right to purchase goods and services from other vendors when it is in 9-1-1 Entity's best interest.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (appears at 30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity" (appears at 32 FR 14303, 3 CFR, 1966-1970 Comp., p. 684, EO 12086 of Oct. 5, 1978, 43 FR 46501, 3 CFR, 1978 Comp., p. 230, EO 13665 of April 8, 2014, 79 FR 20749, EO 13672 of July 21, 2014, 79 FR 42971), and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

Additional/Supplemental Provision: If not already Addressed, Contractor agrees as follows:

Pursuant to Title 2 C.F.R. Appendix II to Part 200 Federal Rule (C), when 9-1-1 Entity expends federal funds, the equal opportunity clause required by 41 CFR 60-1.4(b) is incorporated by reference as permitted by 41 CFR 60 1.4(d).

Notwithstanding being Addressed, each nonexempt prime contractor must include the equal opportunity clause in each of its nonexempt subcontracts.

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of

public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. (See 29 C.F.R. § 5.2 for applicable definitions including “mechanic” and “laborer.”)

Additional/Supplemental Provision: If not already Addressed, Contractor agrees as follows:

Pursuant to Title 2 C.F.R. Appendix II to Part 200 Federal Rule (D), when 9-1-1 Entity expends federal funds for a prime construction contract in excess of \$2,000 the provisions at 29 C.F.R. § 5.5(a)(1)-(10) are incorporated in full by reference into all applicable contracts, and all applicable Contractors must include these provisions in full in any subcontracts. Regarding Compliance with the Copeland “Anti-Kickback” Act, Contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. Part 3 as may be applicable, which are incorporated by reference into the agreement. Regarding subcontracts and the Copeland “Anti-Kickback” Act, Contractor or subcontractor shall insert in any subcontracts the clause above applicable to Contractor and such other clauses as Treasury may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

Additional/Supplemental Provision: If not already Addressed, Contractor agrees as follows:

Pursuant to Title 2 C.F.R. Appendix II to Part 200 Federal Rule (E), when 9-1-1 Entity expends federal funds for a contract in excess of \$100,000 involving the employment of mechanics or laborers Federal Rule (E) is incorporated by reference and the agreement is revised to include the following from 29 CFR § 5.5(b)(1)-(4):

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of \$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) *Withholding for unpaid wages and liquidated damages.* The CSEC or 9-1-1 Entity shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) *Subcontracts.* Contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

In addition to the preceding clauses from 29 CFR § 5.5(b)(1)-(4), and in accordance with 29 CFR § 5.5(c), if the agreement is subject only to the Contract Work Hours and Safety Standards Act and not to any of the other statutes cited in § 5.1, the contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. The records to be maintained under this clause shall be made available by the contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the Department of Treasury, CSEC, 9-1-1 Entity and the Department of Labor, and the contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

(F) Rights to Inventions Made Under a Contract or Agreement.
