

NATIONALLY DISTINGUISHED. **LOCALLY POWERED.**

Texas Fall 2025 Solar Intensive Cohort

FREE Solar Permitting and Inspection Training

Join other Texas local government officials as they learn about removing red tape to secure energy independence, enhance grid reliability, and reduce electricity costs to residents.

What's Included:

- Four meetings designed for learning, training and discussion over three months
- Virtual workshops, peer-to-peer learning, and one-on-one support
- Help identify opportunities for improvement in local solar zoning, planning, and permitting
- Expert help navigating the impacts of recent statewide legislation
- A SolSmart Bronze designation

Get Involved

Introduction Webinar | Thursday, August 21 | 1–2:30 P.M. CT
